LEADING REGENERATION

Geistlich
Biomaterials

With us, you are safe

10 million patients, more than 1000 scientific studies,
90 Countries, 1 Company at your service

We don't limit ourselves to the certifications, we study all the aspects of regeneration. We develop and produce what we distribute, we believe in science and offer you only what we would choose for ourselves.

**On your side for the past 30 years,
because you deserve the best.**

The **2nd International Symposium**, organized by **Vita e Salute San Raffaele University** (Milan), aims to clarify the biological and clinical information on the management of periodontal and peri-implant soft tissues and the needs for the different surgical techniques in the clinical practice.

Following the success of the first Symposium (2016), when more than 500 Dentists gathered in our University to receive the newest information on the topic, the **2nd Symposium** is establishing a tradition in Milan that will be continued every two years and it also establishes a link between the San Raffaele and the International Periodontology and Implantology.

The topic, **soft tissue management**, is of great importance, not only for the obvious aesthetic implications, but also because of the influence that soft tissues might have in stabilizing tissue around teeth and implants. Moreover the Symposium aims to evaluate the importance of soft tissue management in surgical technique directed to reconstruct alveolar bone before or together with implant placement.

This Symposium also clearly states the importance that our University gives to the evaluation and treatment of periodontal and peri-implant tissues, as the prevention of the diseases that may afflict them.

Surgical techniques will be the protagonists of the meeting providing all colleagues with **practical** as well as **biological information** useful in the day-by-day clinical approach.

The Symposium will offer to the Participants **lectures on the biological rationale for treatment** as well as presentations and discussions of the **latest surgical techniques aimed to achieve stable results in the reconstruction of periodontal and peri-implant soft tissues**.

Welcome to Milan!

Prof Massimo de Sanctis

PROGRAM

Friday, February the 9th

- 
- 09.30-09.45 **Opening Ceremony**
Welcome from the Authorities
- 09.45-10.45 Opening Lecture
Soft tissue around implants and teeth
Tord Berglundh, *Göteborg S*
Chairman: Luca Francetti, Milano I
- 10.45-11.30 **Factors influencing success in mucogingival surgery**
Giulio Rasperini, *Milano-Piacenza I*
- 11.30-12.00 *Coffee-break*
- 12.00-12.45 **Soft tissue management in regenerating periodontal bony lesions**
Anton Sculean, *Bern CH*
- 12.45-14.00 *Break*
Chairman: Claudio Gatti, Milano I
- 14.00-14.45 **Evidence-based periodontal plastic surgery**
Leandro Chambrone, *Sao Paulo BR*
- 14.45-15.30 **Use of connective tissue in class 1 and 2 multiple recession**
Virginie Monnet-Corti, *Marseille F*
- 15.30-16.00 *Coffee-break*
- 16.00-16.45 **The treatment of single and multiple class 3 recession with coronal advanced flap: When to use connective tissue?**
Francesco Cairo, *Firenze I*

16.45-17.30 **Mucogingival surgery and conservative dentistry:
An alliance for health and esthetics**
Massimo de Sanctis, *Milano-Firenze I*

17.30-18.00 **Round Table – Q&A**

Saturday, February the 10th

Chairman: Giorgio Gastaldi, Milano I

09.00-09.45 **Soft tissues management in alveolar
ridge reconstruction**
Istvan Urban, *Budapest H*

09.45-10.30 **Increasing keratinized tissue
around implants**
Sofia Aroca, *Paris F*

10.30-11.00 *Coffee-break*

Chairman: Mario Aimetti, Torino I

11.00-11.45 **Implants in esthetic areas:
The role of soft tissue management**
Rino Burkhardt, *Zürich CH*

11.45-12.30 **Connective tissue substitutes:
How to increase soft tissue
thickness around implants**
Giovanni Zucchelli, *Bologna I*

12.30-13.00 **Round Table – Q&A**

2nd | INTERNATIONAL SYMPOSIUM

GENERAL INFORMATION

Venue

Università Vita - Salute San Raffaele

Centro Congressi San Raffaele, Edificio DIBIT1 - Via Olgettina 58 - 20132 Milano

HOW TO GET TO THE VENUE

- By car: from East beltway , exit Cascina Gobba.

- By train: railway Milano Centrale.

- By public transportation: Cascina Gobba station using Milan's subway (green line) then you must continue with the light subway (you will need another ticket for the roundtrip) or by bus that will take you to Milano Due, cost included in the subway ticket (bus number 925).

For those who arrive by airplane: the closest airport is the International Airport Milano Linate

Languages

The official languages of the Symposium are **English** and **Italian**.

Simultaneous translation will be provided from Italian to English and viceversa.

Attendance

Attendance to the Symposium is open to Dentists, Doctorate degree Students; those attending the Post-graduate Course of Odontostomatology and Students attending a faculty of Dentistry and Prosthodontics.

Registration Fees (VAT 22% included)

	By January the 8 th 2018	After January the 9 th 2018
- Graduate Dentists	€ 250	€ 280
- Doctorate degree Students; those attending the Post-graduate Course of Odontostomatology	€ 120	€ 150
- Students (those attending a faculty of Dentistry and Prosthodontics)	€ 50	€ 70
